[Chorus]

I won't hold back
I'm gonna move on
I'll be the best that there is yeah
I won't hold back
I've made up my mind
I'll be one of a kind
I won't hold back again
I'll do the best I can yeah
I won't hold back
You know, I won't back

Wish I could know what lies ahead
I've come so far and done what they said
But they're saying
Just listen
And you will see
That you control your life, your fate, your destiny
Forget the rules and what everyone is saying
Don't back down why don't you try to tell them
I won't back cause it's what I want to do
It's a matter of time till I show you

[Chorus]

People will want to hold you down
Take you away from what you've found
Gotta stand up, get out there, and make them see
They don't control your life, your fate, or what you'll be
Forget the rules and what everyone is saying
Don't back down why don't you try to tell them
I won't back cause it's what I want to do
It's a matter of time till I show you

[Chorus]

You've got to follow your dreams
You'll find it's meant to be

[Chorus]
