Thought that I had it all
That winter night I was home when u
You opened yur heart and I had to fall
Was a matter of time you and I

(Chorus)
Maybe I was mistaken
Maybe I was wrong
I don't care
What you're thinking
Wanna make you understand

Sometimes you try
Sometimes you fight it
At times I wonder why
Didn't u know
I'm not gonna let it go
But it feels like you're not here
You're in another world

You question things i've done
Just take a look at what you're become
(it was never enough)
It was never enough since we first began
And here I am on my own

I know I was mistaken
I know I was wrong
I don't care what you're thinking
Wanna make you understand

(Chorus)

(Bridge)
YOU've gotta make some changes
I can't take it anymore
I don't care
What you're thinking
Gotta make you understand

(Chorus)
