"Fall Down"

It could have been a little lighter
It should have been a bigger step
We could have been a little younger
There could have been something left

So we ask and we make
All the best out of our mistakes

If we lost this round
Then we'll find a way to
Carry on and share it all some how
When we all fall down there is the sound
Of the one true thing we've found

We could have gone a little higher
We could have had a bigger net
It could have been a little longer
There could have been something left

So we ask and we make
All the best out of our mistakes
