You closed the eyes that I needed to see  
And broke the line that I needed to breathe  
It was fast, But you gave in perfectly  
In the past, I had always meant to set you free

(Chorus)

So when you open your eyes,  
I'll be gone, I'll be gone  
When you open your eyes  
When you open your eyes  
When you open your eyes  
I'll be gone, I'll be gone  
When you open your eyes  
When you open your eyes  
I'll be gone

I don't know why I waited to face  
All of my own blatant mistakes  
But it's worse, now that something's in my way  
It's the hurt, that I always knew would take your place

(Chorus)

So when you open your eyes,  
I'll be gone, I'll be gone  
When you open your eyes  
When you open your eyes  
When you open your eyes  
I'll be gone, I'll be gone  
When you open your eyes  
When you open your eyes  
I'll be gone

Gone

I know that I wish I was older  
I know that I wish I had fought  
I know that I wish I was closer  
To learner the lessons you taught  
But in your eyes I was always wrong  
And I've made up my mind so it won't be long

(Chorus)

Before you open your eyes,  
I'll be gone, I'll be gone  
When you open your eyes  
When you open your eyes  
When you open your eyes  
I'll be gone, I'll be gone  
When you open your eyes  
When you open your eyes  
I'll be gone, I'll be gone

Gone
