Well you done done me
And you bet I felt it
I tried to be chill
But you're so hot that I melted
I fell right through the cracks
And now I'm trying to get back

Before the cool done run out
I'll be giving it my bestest
Nothing's going to stop me
But divine intervention
I reckon it's again my turn
To win some or learn some

I won't he-si-tate no more, no more
It cannot wait, I'm yours

The dawn is breaking
A light shining through
You're barely waking
And I'm tangled up in you

(Yeah)
Well open up your mind and see like me
Open up your plans and damn you're free
Look into your heart and you'll find love love love
Listen to the music of the moment maybe sing with me
I luv peaceful melodys
It's your God-forsaken right to be loved love loved

But I'm open, you're closed
Where I follow, you'll go
I worry I won't see your face
Light up again

Even the best fall down sometimes
Even the wrong words seem to rhyme (I'm sure)
(No need to) Out of the doubt that fills my mind (com-
pli-cate, our time is short)
I somehow find, (This is our fate) you and I (I'm yours)
collide

I can't stand to fly
I'm not that naive
I'm just out to find
The better part of me

I'm more than a bird (Do do do do do)
I'm more than a plane (Do do do do do)
I'm more than some (Do do do do do) pretty face
beside a train
And it's not easy (Do do do do do) to be-e (Do do do do do) me

Was I not enough stimulation
Hit by a brick the other day
Just when I thought that I'm okay
You didn't like my conversation
I can't come up with something new
It doesn't really matter what I do
So here's my observation
You could never see it through my eyes
And I'm too tired to try (Do do do do)

I was lost and alone (Do do do do do)
Trying to grow (Do do do do do)
Making my way down that long winding road (Do do do do do)
Had no reason no rhyme (Do do do do do)
Like a song out of time (Do do do do do)
And there you were standing in front of my eyes (Do do do do do)

How could I be such a fool (Do do do do do)
To let go of love and break all of the rules (Do do do do do)
Girl when you walked out that door (Do do do do do)
Left a hole in my heart (Do do do do do)
And now I know for sure

I'm here without you baby (Do do do do do)
But you're still on my lonely mind (Do do do do do)
I think about you baby
And I dream about you all the time (Do do do do do)
I'm here without you baby (Do do do do do)
But you're still with me in my dreams (Do do do do do)
And tonight (I'm yours) (Do do do do do)

So don't lie and say your over me
Don't mean nothing
I'm always getting over you

I was lost and alone

But you're still on my lonely mind
It cannot wait, I'm yours

I can't stand to fly
I finally find you and I collide
I'm just out to find
You finally find you and I collide
You finally find you and I collide
