Bite marks on her arm
And she wakes up before the sound of her alarm
The voice on the radio, it makes her nervous, lets her
know...
That she is one step from skid row

Smoke your cigarettes
And drink your coffee and then maybe you'll forget
There's nowhere you wanna go and there is nothing
here to do
Don't waste your life thinking it through

I'm thinking of you
I'm thinking of you
I'm thinking of you
Sofie it's you
I'm thinking of you
I'm thinking of you
I'm thinking of you

And if you promise me you'll try and stay happy
Then I will promise you that I'll do the same
You're sunken as you hide form the world outside but
You've only got yourself you can blame
Promise me you'll try
Promise me you'll try

Teeth sink through the skin
She's restless waiting for her new life to begin
Nothing has captured her imagination, it's not free
"Please tell me what I should be"

Sofie my friend, in the end we'll just make pretend
And in time we'll see that we're not like them
But just like you and me, you and me

And if you promise me you'll try and stay happy
Then I will promise you that I'll do the same
I've never been the one for a cliché but I
Wanna dance with you in the rain, oh oh

Sofie my friend, in the end we'll just make pretend
And in time we'll see that we're not like them
But just like you and me, oh you and me

It's you
I'm thinking of you
I'm thinking of you
I'm thinking of you
Sofie it's you
I'm thinking of you
I'm thinking of you
I'm thinking of you
Sofie it's you
I'm thinking of you
I'm thinking of you
I'm thinking of you
Sofie it's you

Promise me you'll try and stay happy
Then I will promise you that I'll do the same
Promise me you'll try
Promise me you'll try
