These cheap clothes suit us darling.
We're poor but happy darling.
These cheap clothes suit us darling.
We're in the gutter.
Who cares?
We're happy sweetheart, here in the gutter now.

Tennessee's uptight.
Baby said, "I need you and I need you only.
Together we'll be lonely."

Tell me how the stars still smile on us and make the
world disappear.
Tell me in the darkness stars still smile on us.
Tell me that you're dancing just because and whisper
softly in my ear.
Tell me in the darkness stars still smile on us...

These cheap clothes suit us darling.
We're in the gutter.
Who cares?
We're happy sweetheart, here in the gutter now.

Cassady's gone wild. What a gas!
Pay fame on the never never, you always were so
clever.

Tell me how the stars still smile on us and make the
world disappear.
Tell me in the darkness stars still smile on us.
Tell me that you're dancing just because and whisper
softly in my ear.
Tell me in the darkness stars still smile on us...

Oh if you dig, I'll take you back to those lights, lonely
nights.
Pay fame on the never never, you always were so
clever.

Tennessee was right when she said, "I need you and I
need you only."

Together let's be lonely."
