I drive your auto tonigth
You kissed me quickly goodbye
Jeffrie's hair is on my dress
Things that mean more than a house
A cat a car a man
Cause all I want
All I really want
Cause all I want
It's to share this coke with you
It's to spend this time with you
It's share this fries with you
It's to spend this night with you
With you
Saturday night vodka and sprite
Nice combination to made cry
In the shower I feel less
But I'm not sure this is the end the house the car the
man
Cause all I want all I realy want
Cause all I want
It's to share this coke with you
It's to spend this time with you
It's to share this fries with you
It's to spend this night with you
With you
