"Little Steps"

Visit "[Little Steps](#)" on MotoLyrics.com

We take little steps, it's easier
We take little breaths and learn to talk
We dream little dreams of fantastic scenes
And we wish on little stars twinkling
We take little sips on magic drinks
And close our eyes and watch kaleidoscopes

We watch little waves, for what little spray
Reach out little hands, give thanks and praise
For the little things and the simple things
For the wind, the sea, the sun
And now we sit upon the earth
Picking fruit from little trees
See the birds spread little wings
And watch clouds dance around the sun
