"Steps Of The Sun"

Visit "[Steps Of The Sun](#)" on MotoLyrics.com

I remember the time long before the earth
Long before the stars and the universe
I remember a time before civilisation
Before wars, before ??

I remember a day before ??
When spirits lie and echoes play
And when we arrived from our journey weary
We will find a land so divine on the steps of the sun

I remember the time long before the earth
Long before the stars and the universe
When we didn't fight for right or wrong
When we listen to the earth and the childrens song

I remember the time in the ??
When spirits lie and echoes play
And now we arrive from our journey weary
And find a land so divine on the steps of the sun
