"Stop To Make A Change"

Visit "[Stop To Make A Change](#)" on MotoLyrics.com

There ain't only one way to start a new beginning
It should be nice and easy if everybody's willing
You could take a tablet, see a doctor or a shrink
You could hit a reefer, the needle or a drink

Stop right there, you wanna make a change, listen here
And you will start to recognise
That there ain't only one way to start a new beginning

We've got to earn a living, we've got to speak our
minds
Got to be relaxed for we've got to get up early
Life just ain't that easy but we've got to change our
minds
That's the bottom line, it's all the same old story
Now everywhere you turn, boys and girls are working
for the man
Impossible equation, a lunatics vocation
Armies on the march and an infidel's in charge
The planet's upside down, the world is out of rhythm
Our dream's are only songs that's falling off the
horizons to the earth

Stop right there, you wanna make a change
The planet's upside down and the band is out of
rhythm
The band is upside down and the planet's out of time
You wanna make a change you gotta stop to make it
better
Change to make it stop, stop to make a change
The band is out of planets and the rhythm's out of time
The rhythm makes a change and the band is upside
down
You gotta make a change if you want to make it better

There ain't only one way to start a new beginning
It should be nice and easy if everybody's willing
You could take a tablet, see a doctor or a shrink
You could hit a reefer, the needle or a drink

Stop right there, you wanna make a change, listen here

And you will start to recognise
That there ain't only one way to start a new beginning

Stop right there, you wanna make a change
The planet's upside down and the band is out of
rhythm
The band is upside down and the planet's out of time
You wanna make a change you gotta stop to make it
better
Change to make it stop, stop to make a change
The band is out of planets and the rhythm's out of time
The rhythm makes a change and the band is upside
down
You gotta make a change if you want to make it better
