I was walking down the street on a warm and sunny day  
when I saw a pretty girl : She tried to run away.

but I was so much faster, so I ctached her the next  
street.

Now we are together and she's lying at my feet!

And so the time was going on, well it was pretty fine....  
She was doing what I want ( of course, because she's  
mine )

So everything went pretty fine, I kept her to the ground.  
But while I slept in my big bed she came and stabbed  
me down!

Why don't you write a letter 'stead of talking to much  
stuff?

Sometimes it's really better to know ehn it is enough

I woke up in hospital, what happened? No idea.  
I was screaming.. Hate you all! I cried for a cold beer.

One day the doc came in and gave me something  
looked like crack.

First my head seemed to explode, then everything  
went black.

Why don't you write a letter 'stead of talking to much  
stuff?

Sometimes it's really better to know ehn it is enough

The next big thing that I realized was a big and foggy  
space.

I was flying through that fog, then recognized this  
place...

I was on my way of heaven, ok, that's pretty well.  
But suddenly the heat rose up and I felt down to hell!!!

Why don't you write a letter 'stead of talking to much  
stuff?

Sometimes it's really better to know ehn it is enough
