Another town is waiting,
another crowd to rock,
Thunder follows lightning
but we don't give a fuck.

Another club is loaded.
What an atmosphere...
This is how we love it...
It's time for the first beer... It's good being here!

You either lives us or not,
but everybody knows: everybody knows we're hot!
We are as sharp as a knife
and everybody knows: this is our way of life.

The same old boys are coming,
the same old songs to play.
And after all is running
we blow your minds away.

Sometimes we may look gloomy,
but we know what to do.
'Cause everything we're doing
is especially for you (guess you always knew)!

You either lives us or not,
but everybody knows: everybody knows we're hot!
We are as sharp as a knife
and everybody knows: this is our way of life.
