We know each other for so long

That's why I'm writing you this song  
Went to the same class once at school  
Both looked in daddy's car so cool

You were my best friend, a better one than everyone  
Simply best friends, that's what we were

Friends

Then our turning point has come  
I was no longer number one  
A sweet little girl, she took my place  
And so she ended the good days

You were my best friend, a better one than everyone  
Simply best friends, that's what we were

Friends

And all I wanna tell you now,  
Is keeping close to friends somehow  
If there is one who would do everything for you,  
Don't put him on your number two

You were my best friend, a better one than everyone  
Simply best friends, that's what we were

Friends
