You can only find this land, use your brain,
don't use your hand
For fleeing from anxiety, to this mystic land for eternity
Marvelous things everywhere,
a lot of them expect you there
You will never have enough, so be prepared
For all this crazy stuff

It is as easy as a game, take your escalator to tis aim
Just fall into your fantasy, be a mental escapee
You'll surf on milk in this unknown land, you can't hide
cause you feel upset
Let's try to find it, the alternative, we'll see you in the
magic lubberland

There's a land beyond reality
everyone has got the wish to be there
There is a land beyond reality
It's the lubberland for eternity

Wanna be in lubberland
