It was a great night from the start
that kind that cures a broken heart
And when I think back I could cry
I didn't have the guts to stay

I wanna rock. I wanna rock
I wanna play no destined role
I want a queen, I want the stars
Come on let's build a pub on Mars

A man of reason told me: Son,
give up your dreams and settle down.
Be satisfied with what you have.
Don't reach the stars, stay here on earth

I wanna rock. I wanna rock
I wanna play no destined role
I want a queen, I want the stars
Come on let's build a pub on Mars

But if you fall, my son, then you will crash down
painful!
And you can't pay the rent with dreams!
What is so bad about the way we try to teach you...
Who else should know what's best for you?

I wanna rock. I wanna rock
I wanna play no destined role
I want a queen, I want the stars
Come on let's build a pub on Mars
