I'm tired of being along
so I hit the street to see what's going on.
Long time ago since I was on the run
Now I am ready and loaded like a gun!

I take the first club, the first girl I get,
I take her hand and we go to my flat.
I start to kiss and touch her in my bed,
when I felt a hard thing in my hand!

Something is wrong tonight!
Something is not all right!
Such conceit knows no bounds, Babe,
So I turn off the light.
Something is wrong tonight!

Well my experience was rough
so I decide now I need some days off.
I take the first plane to take me away.
Ready for take off, no reason to stay...

Ready for landing, I rush through the door
An unknown place I've never been before.
I see many people with pretty big teeth
flying around grabbing for me.

Something is wrong tonight!
Something is not all right!
Such conceit knows no bounds, Babe,
So I turn off my light.
Something is wrong tonight
