Here we are, another night has passed,
another great night of lust and scars.
We're the one who bring a world to you,
a place where you are not able to go.

Far away, but in your neighbourhood
we are collecting adventures for you,
Then my friend, when you are listening close,
we're singing our songs for you.

We are the sons of the rising sun,
carry on!
From dusk until dawn we are on the run
Come along!

Shocking tales of legendary nights,
where you would die to take part.
Nameless and eternal bacchanals
you would love with all your heart

We are the sons of the rising sun,
carry on!
From dusk until dawn we are on the run
Come along!

Come with us and dare to see
a world beyond reality
Greatness for eternity
So come along my friend
follow me
