Riding through the summer night

riding on my brave new bike  
watch the skies and I'm happy, glad and proud  
pirate cards from underworld  
dusty, grey and very old  
take me to the place I've dreamed of every night

Ten steps right and then I turn around  
eight steps west and saw I'm standing  
right on golden ground

It's the night when I find gold  
smash the spade deep In the ground  
it's the night to find what I have  
been dreaming of  
it's the night when I find gold

There's a chest deep in the ground  
spade makes a metallic sound  
ecstasy is taking control of my whole brain  
pulling out the mighty box  
my smile is growing to my ears  
my poor bike has to carry tons and tons tonight

Now I'm biking home, a wealthy man  
king of the day, and you should know the reason why:

Gold!
