Lonely baby come and stay with me tonight!
You're as sweet as apple pie
Mr. DJ, play that boygroup from TV
Genuine heroes never die

But from a statue to a ball the girl mutates
An our heroes, they are beaten by the age

It turns around, turns without a sound
Crumble and compound, you stand on unknown
ground
Around, the chicken and the sound
The planet hits the ground, and all it turns around

Take a nip and we will hit the sky today
Forever cool that is the rule
You're the king who holds the power in his hand
Before you slip and kiss the ground

Maybe it would be kind from me to help you up
But now it's time for me to change my friend, good
luck!

It turns around, turns without a sound
Crumble and compound, life won't wait for all

Hello! Welcome to the show!
We change something now: Kazoo here we go!!!
