Walking through the city
Need a few things.... I should buy....
People all around me
talking, screaming, pushing me away!

Walking through the city...
Forgot all those things I need.
Picked up a big stone
and smashed it through the window next to me!

There's a reason for what I have done!
This voice in my head makes me doing that!
Needs no reason for this voice to call!
No chance to resist, I have no control!

Sitting in my armchair.
put the television on.
Watching everything and nothing,
wondering : Where's Bonanza gone?

Get up from my armchair.
Put my television off.
Waiting for a car to come
too throw my telly at it's roof.

There's a reason for what I have done!
This voice in my head makes me doing that!
Needs no reason for this voice to call!
No chance to resist, I have no control!
