Hey boys and girls hello  
Welcome to our show  
You have the possibility to watch us live right now  
It's nice to see you all  
In this little hall  
Now this is our first song and from now there's no lull

Now how's about your mood  
We'll try to make it good  
Cause here we go again and we'll rock the  
neighbourhood  
Do you want a crazy night  
Technician, hit the light  
Hey we'll give you what you want, so now we're running  
Wild

We're five guys  
We don't like to tell you lies  
We're five guys  
We are watching with our eyes  
We're five guys  
We try to do it nice  
That's our welcome to you  
So how do you do ?

Dance around and shake  
Until stars are in your head  
But please be careful and watch out  
That you don't hurt your neck

Now you girls, grap the boys  
And you boys, grap the girls  
Or boys grap boys, or girls grap girls  
Just do what you like to do
