Don't know where to start but somthing at goin right
Feelin in my soul. as I try oh baby try to keep you
satisfied
Please don't cry I just think that we both need time
I just feel that we are in the same room but live in to
worlds apart
And it's causeing to much pain.

[Course]

{She said} baby can you please just stay it aint to late
to work this thing out
{I said} girl this aint easy for me at least the truth is
coming out
{She said} why can't we make up like the last time I'm
just afraid to hear you say go
{I said} baby I'm sorry I think it's time we let go
Baby [don't leave[x3] tell me [youll stay[x3]
[Gotta leave[x3] girl I think it's time we let go

See there tear drops falling from your eyes [from your
eyes]
That don't change my mind oh baby
Please don't make things more difficult then they got to
be
I can't take no more this is killing me and everytime I
look at
You I see more reason for me to leave you
And it's causing me to much pain
