"Traction in the Rain"

It's hard enough, I know
To find the strength to go
Back to where it all began
It's hard enough to gain
Any traction in the rain
You know it's hard for me to understand

Hard to find a way
To get through another city day
Without thinking about
Gettin' out

Now the strangest thing I've seen

Was a T-shirt turning green
In envy of a turtle dove
The dove's lady was the cause
Or maybe it was the olive branch she held in her claws
Or maybe he could see they were in love

You know it's hard for me to find a way
To get through another city day
Without thinking about
Gettin' out
