and your driften off to sleep  
I'll see you tommorrow  
or I hope  
you won't go away  
not another day  
yeah I'll for sure see you tommorrow

(c)  
don't say goodbye  
don't say goodnight  
your gonna be the first to leave tonight  
don't say goodbye  
don't say goodnight  
I don't think I'll be alright

and when i'm thinking  
thinking of you  
and when i'm sinking  
off to sleep  
I hope your thinking of me  
and driften off to sleep  
I hope your thinking of me

(c)  
the sweetest thing you've ever said to me  
is I'm sorry  
you say it all the time  
you apoligize to much  
but I like it  
don't stop it  
I can't live with out you

(C)
