I was born long ago on a ghostly grave
where everybody knew how to behave
I don't wanna know...I don't wanna learn how...to play!
I must confess I thought I knew
everything there was to know about you
I don't wanna wait, I don't wanna be saved or changed
you must hit back off your own name or try to admit to
this game
cuz the victory you seek is sealed in the heart of a
grave
take one look at you
and tell me what to do..I bet you think you're better than
me
take one look at you
and tell me what to do..I bet you think you're better than
me
I heard it, I felt it, I saw it coming from a mile away
I bet you think you know but you don't have a clue
take one look at you
and tell me what to do..I bet you think you're better than
me
take one look at you
and tell me what to do..I bet you think you're better than
me
I wish I could have explained and tell you everything
but you gotta know you gotta realize I'm gone
take one look at you
and tell me what to do..I bet you think you're better than
me
take one look at you
and tell me what to do..I bet you think you're better than
me
whoa oh nothin to lose
whoa oh nothin to lose
whoa oh nothin to lose
whoa oh nothin to lose
