I'm feeling lost inside like  
I cannot be alone  
The closet that I get I  
get from the telephone  
Seems like your far away  
when your really by my side  
Sometimes you push me away  
My heart you have denied

Things that I know you want from me  
have left me on my own  
I lay in bed I have a dream  
your face is what I see

Chorus

I know you think that I am just a waste of time  
But if I had a the chance I would prove you wrong  
tonight  
By chance we met by God I know that we'll do fine  
I'll sit here waiting, I'm not the enemy  
I'm contimplating about you and me

Though there are many wondering  
if they could have your heart  
There's only one of me but  
I'd like to play that part  
We may not know the plan and  
we may not understand  
And if I'm not your type now  
I'll change that so I am

Things that I know you want from me  
Have left me on my own  
I lay in bed, I have a dream  
Your face is what I see

Chorus
