please someday
please sometime i'm hoping
but hoping's not enough
maybe dreaming or make believing
that she'll come my way
this time i'm movin
through the hard times
through the good times
i'll be there through it all
there's not a doubt in my mind
i may be crazy
it's amazing
the harder that i try i still cant get it right
until the bitter end
until the end of time
until the sun goes down into the lonely night
absent minded maybe for other things
this time it's different i'll think of you not me
you think i'm joking i'm talkin seriously
but are you certain the one for you is me
or is this just another lead on
until the bitter end
until the end of time
until the sun goes down into the lonely night
absent minded maybe for other things
this time it's different i'll think of you not me
(nothing to gain and nothing to lose)
(you played with my mind but i still want you)
(nothing to gain and nothing to lose)
(you played with my mind but i still want you)
until the bitter end
until the end of time
until the sun goes down into the lonely night
absent minded maybe for other things
this time it's different i'll think of you not me
