This is all just a dream to me
Wake me up before things get serious
This is not where I want to be
This is not where I want to be

I knew from the start what I was getting myself into
The other boys they say the words you speak of can be
so misleading
I knew it wouldn't be easy
It shouldn't be this hard

Look at me, look at everything that you've done wrong
Don't call me crazy but
You should know more than anyone, I can't be this
strong
It's so hard to say goodbye

Soon enough I'll find you on the other side of town
Sitting with your head in your hands wondering how
this all began
You know it wouldn't be easy
It shouldn't be this hard

It's so hard to say goodbye

Let me know how you felt the first time
Let it go, we just met the wrong time
I can say that I hate the things you do
You've got a way of making me come back to you
