You stay this god damn prison
All hope entire state(?)

Gonna find something so I can create
The latest trend is dead
Technologically force fed into me
You find it
It's all been done

And I'll get around to something new
And find someone else that I can turn to
It's been a while
Since I had that luxury

I let it out, string of lines
I wrote for me and for you
Just spit em out
And maybe you can relate
Go on, night after night
Just trying to make this right
Were holding on
Oh god were not giving up

And I'll get around to something new
And find someone else that I can turn to
It's been a while
Since I had that luxury

And maybe one day I can look back
At all the times we had, the things we did
... with a smile,
It was worth it in the end
