I sleep for hours and I'm so tired
I can barely keep my eyes open
This world some how, it just drags me down
And I fear that I might out broken,
To pieces of a forgotten man
Each tiny bit, my last token

And I fire up my cigarette and I'll amplify all my regrets
It's time to let me out

Singing whoa-oh
Don't I know,
Exactly where I stand
Singing whoa-oh
Oh I know
It's never gonna end

I'm sitting on the influence
These words I'm writing down
No semblance or congruence
It's something I haven't found
I'm taking back my compliments
Buried in the ground
My insistence on breaking out
Keeps my insides bound

Singing whoa-oh
No, I know,
Exactly where I stand
Singing whoa-oh
Oh I know
It's never gonna end
