The biggie duets! (uh) Jazzy Fizzle, fizzle fizzle, Jagged
Edge, Big Smalls...
Ladies & Gentlemen!

Uhh, I go, on and on and on and
Then take her to the crib and let your bone in
Easy, call em on the phone and
Platinum Chanel cologne and
I stay, dressed, to impress
Spark these bitches interest
Sex is all I expect
If they watch TV in the Lex, they know
They know, quarter past fo'
Left the club tipsy, say no mo'
Except how I'm gettin home, tomorrow
Caesar drop you off when he see his P.O.,
Back of my mind I hope she swallow
Man She spilt a drink on my cream Wallows
Reach the gate, hungry just ate
Riffin, she got to be to work by eight
This must mean she ain't tryin to wait
Conversate, sex on the first date I state
"You know what you do to me"
She starts off, "Well but I don't usually"
Then I, whipped it out, rubber no doubt
Step out, show me what you all about
Fingers in your mouth, open up your blouse
Pull your G-string down South, aoowww!
Threw that back out, in the parking lot
By a Cherokee and a green drop-top
And I don't stop, until I squirt
Jeans skirt butt-naked it all work

(Chorus - Jagged Edge)

Gotta love my lil' nasty girl
Know I love my lil' nasty girl
I love my lil' nasty girl
All the ladies if you feel me grab your titties for B-I-G
My lil' nasty girl
All my women from around the world
I love my lil' nasty girl

All the ladies if you feel me grab your titties for B-I-G
(P.Diddy) You know I like nasty girls....

(P.Diddy verse)

I need you to dance, I need you to strip
I need you to shake your lil' ass and hips
I need you to grind like you workin' for tips
And gimme what I need while we listin' to prince
Cuz miss you ain't seen the world yet
Rock la pearl yet, rock them pearl sets, flew in a pearl jet
My style make a low profile girl go smile
Blow a chick back like I blow through a trial (take that)
And now you & me can drink some hennessy, then we
get it on
Made women wantin' to bone sean combs, sippin' on
patron
Speedin' be leanin' got' em feenin'
Then when I did it to you throw it right back (right back)
And tell me "diddy yea I like it like that" (like that)
Lift your shirt, you know how I flirt
Heels & skirt let's take it off now let's work (LETS
WORK!)

(Chorus - Jagged Edge)

Gotta love my lil' nasty girl
Know I love my lil' nasty girl
I love my lil' nasty girl
All the ladies if you feel me grab your titties for B-I-G
My lil' nasty girl
All the women from around the world
I love my lil' nasty girl
All the ladies if you feel me grab your titties for B-I-G
