Surprise!  
Help me blow out the candles? - isn't that what you  
meant  
who brings the nicest presents gets my dead  
presidents  
don't wish me happy birthday - don't wish me happy  
birthday  
yes, I know what you're up to - you scavengers! Hip Hip  
Hooray!

Put in a special paragraph in my testament  
everything goes to charity, in case of an accident  
don't wish me happy birthday - I am not happy!  
Watch it, is that a bowie knife to cut the cake  
Hip Hip Hooray

"for he's a jolly good fellow, for he's a jolly good fellow  
that nobody can deny" die, die, die!
