Circles on the water, a lonely tear has fallen  
Missing You, I'm missing You  
Somehow I can't remember ever forgetting how  
I needed You, Lord, I needed You  
I serenade the heavens, crying out for mercy  
Carry me, Father, carry me  
Well, this heart is bleeding, broken, needing,  
slowly dying, hardly beating  
listening, are you listening  
Chorus  
Like the air that I breathe, I need You  
This image is so surreal

I don't want to live without you Lord  
And this is how I feel  
I thought I heard an angel, an angel whispering  
You're watching me, I know you're watching me  
I think I'll rest a while in the knowledge  
You are never letting go of me, never letting go  
With this holy water falling like the dew  
Holy father hold me near You  
Listening, are you listening  
Chorus  
(repeat 4x)
