How does it feel when life doesn't seem real?  
And you're floating about on your own  
Life seems uncertain, so you draw the curtain  
Pretending there's nobody home

Don't theorize, look in your eyes  
They can't tell lies  
Though you disguise what you see  
Your reality

We needed a savior and by our behavior  
The ones that were worth it are gone  
But song birds are talking and runners are walking  
A prodigal son's coming home

Don't theorize, look in his eyes  
And they won't tell lies  
But if he defies what you see  
Here is a key

Be yourself, why don't you be yourself?  
Come on and be yourself, why don't you be?

We needed a tutor, so built a computer  
And programmed himself not to see  
The truth and the lying, the dead, all the dying  
There is only one way to be

So don't theorize, look in his eyes  
Are they telling lies?  
The ones that you see on T.V  
So you want to be free

Be yourself, why don't you be yourself?  
Come on and be yourself, why don't you be yourself?  
Oh, be yourself, come on and be yourself  
Why don't you be yourself? You can be
