Forgive me if my fantasies might seem a little
shopworn
I'm sure you've heard it all before, I wonder what's the
right form
Love songs written for you, it's been going down for
years
But to sing what's in my heart seems more honest than
the tears

I am curious, don't want to hurry us
I'm intrigued with us, ain't this song a bust
I don't care, dark star

I met you several years ago
The times they were so strange, but I had a feeling
You looked into my eyes just once
An instant flashing by that we were stealing

Another time you felt so bad
And I wasn't any help at all as I recall
We didn't know quite what to do so we left the wanting
be
Still there for me and you

Dark star, I see you in the morning
Dark star, a sleeping next to me
Dark star, let the memory of the evening
Be the first thing that you think of
When you open up your smile and see me, dark star

It's easy to be with you
Even with the storms that rage beneath your search for
peace
We must make some time together
Take the kids and find a world that's ours to keep

Now you've got me dreaming girl
It's been so long I thought that I'd forgotten how
My heart is once again my soul
We touched, we did, you know we did, no more teasing
now

Dark star, I see you in the morning
Dark star, sleeping next to me
Dark star, let the memory of the evening
Be the first thing that you think of
When you open up your smile and see me, dark star

Dark star, I see you in the morning
Dark star, a sleeping next to me
Dark star, let the memory of the evening
Be the first thing that you think of
When you open up your smile and see me, dark star
let the memory of the evening
Be the first thing that you think of
When you open up your smile and see me, dark star
