This is me can you take a nother Look
Did I see you looking blindly at your book
Is it all that you thought that you thought it took
Can it be taken at all

Were you looking for signs along the way
Can you see by your lonely light of day
Is this road really the only way
Can this road be taken taken at all

We lost it on the highway down the dodged line
You were going your way I was going mine
We lost it on the highway things are out of sight
You were going your way trying to make a light
along the way
Can you see by your lonely light of day
Is this road really the only way
Can this road be taken taken at all
Can this road be taken tken at all
