You don't need to run
You don't need to hide
You can't escape my desire
So why hesitate
Your mine anyway
Surrender - my heart's on fire

Close to you
I belong
Close to you
And I belong
And I belong even close than closer

You don't need to waste your time searching
You've been waiting for a girl like me
I'm the one who's gonna ease your yearning
There's no doubt about it - it's me

Better stop this waste of time
You'll be mine
I'm the only one for you

You don't need to run
You don't need to hide
You can't escape my desire
So why hesitate ?
You're mine anyway
Surrender - my heart's on fire

Close to you
I belong
Close to you
And I belong even close than closer

You should really get to know me better
You will never find a girl like me
We are meant to spend this life together
Might sound crazy but you'll see

I will creep into your dreams
When you sleep

And I'm gonna let you know

You don't need to run
You don't need to hide
You can't escape my desire
So why hesitate ?
You're mine anyway
Surrender - my heart's on fire

Close to you
I belong
Close to you
And I belong even close than closer

You
Don't need to run don't need to hide
You
You belong to me

You don't need to run
You don't need to hide
You can't escape my desire
So why hesitate ?
You're mine anyway
Surrender - my heart's on fire

Close to you
I belong
Close to you
And I belong
You belong
Close to you
I belong
Close to you
And I belong,
You belong to me
