Come on, come on, come on, come on
Come on, come on, come on, come on
Come on, come on, come on, come on
Come on, come on, come on, come on

I know the feeling now
And you really broke my heart
But I remember how
You would make me feel in the stars

Tropical flowers there, butterflies in the air
I can see the land of love
Tropical harmony, [radical?] unity
We had it all, don't let it go

Day and night I'm thinking of you
I can't wait to be lying by your side
Day and night I'm longing for you
Need to ?? your touch to be satisfied
Day and night I dream about you
When we're making love, it feels so right
Day and night, my heart's with you
Wanna give you love right there in my mind

You showed me the way to this place
With tropical flowers
I'll never be the same again, thinking of him
Day and night ever since that time

I'll never be the same
Now I need you every day
No need for more love game
And you were that ??? way

Tropical flowers there, butterflies in the air
I can see the land of love
Tropical harmony, [radical] unity
We had it all, don't let it go

Day and night I'm thinking of you
I can't wait to be lying by your side
Day and night I'm longing for you

Need to ?? you touch to be satisfied
Day and night I dream of you
When we're making love, it feels so right
Day and night, my heart's with you
Wanna give you love right there in my mind

Day and night, day and night
Day and night, day and night

Day and night-t-t, day and night-t-t
Day and night-t-t, day and night-t-t
Day and night-t-t, day and night-t-t
Day and night-t-t, day and night-t-t

Come on, come on, come on, come on
Come on, come on, come on, come on
Come on, come on, come on, come on
Come on, come on, come on, come on
(Repeat to fade)
