Moss)

I'm gonna go where the sun's in the sky

I'm gonna go when the moon is high

And I'm gonna go where the rivers run free

I'm gonna go where I can be me

I'm gonna go where the grass is green

I'm gonna go where the water's clean

And I'm gonna go where the sky is clear

I'm gonna go away from here

I'm gonna think about better things

Think about better things

I'm gonna build a fire by the sea

I'm gonna be alone with me

I'm gonna feel the wind on my face

I'm gonna go away from this place

Make me a potion to drink, I won't make it too sweet

I've got to think about better things, think about better things

Time don't care too much about the pace

Just falls on the world, stays on your face

Better things, think about better things

I'm gonna go where the sun's in the sky

I'm gonna go when the moon is high

And I'm gonna go where the rivers run free

I'm gonna go where I can be me
