While you are imagining, imagine for instance,  
The sights that you can take advantage of  
Look at the beautiful cloud formations below you and  
above you  
This could be heaven  
Think of the colour of the sun as it shines off the clouds  
In these days, in these days, in these days of cool  
reflection  
You come to me and everything seems alright  
In these days of cold affections  
You sit by me and everything's fine  
This could be heaven for everyone  
This world could be fed, this world could be fun  
This could be heaven for everyone  
This world could be free, this world could be one,  
In this world of cool deception  
Just smile can smooth my ride  
These troubled days of cruel rejection  
You come to me, soothe my troubled mind  
Yeah, this could be heaven for everyone  
This world could be fed, this world could be one  
We should bring love to our daughters and sons  
Love, love, love, love  
(This could be heaven for everyone)  
So take a seat and sit by my side a while  
You know I like your style  
(This could be heaven for everyone)  
So what can we do to clean up this mess  
Just feel so helpless  
This could be heaven for everyone  
So lift up your voice at least you'll have cared  
At least you'll have dared  
Listen. What people do to other souls  
They take their lives, destroy their goals  
Their basic pride and dignity  
Is stripped and torn and shown no pity  
When this should be heaven for everyone  
This could be heaven, could be heaven for everyone  
This could be heaven, could be heaven for everyone  
etc.  
And this is the end of this section.
