Moss, Noone, Edney, Macrae) *

Here come the sharpshooters

And teenage looter's today

Gotta pistol in their pocket

Gonna blow all your dreams away

They rip through your life

Like a hurricane blowing

Time is the healer alone

And you know it

Here comes the dream weaver

You better believe her today

Life changes around

Don't ask me why I don't know

Love can always be found

Don't ask me why that's how it is

Here come the abusers

To tempt you and lead you astray

In this outlaw ghetto

Your soul is the price that you pay

But out of the darkness

There'll soon come a light

To take you and lead you
Through this endless night
She'll love you and hold you
To keep you from slipping away
Life changes around
Don't ask me why I don't know
Love can always be found
Don't ask me why that's how it is
And I believe in my love for you
How does t feel?
Would you feel?
Life changes around
Don't ask me how I know but
Love can always be found
Don't ask me why that's how it is
