Clap your hands and let's groove

Clap your hands, clap your hands

There comes a time in every life

There comes a day in every mind

Now don't look back, don't look behind

Stand up straight in your own time

Stand up for love, every good man

Stand up for love, and foolish man

Stand up for love, and all the rich men

Stand up for love, and all the proud men

Stand up for love, stand up for love, stand up for love

Everybody, come on and take my hand

Everybody, you know it's time,

It's time to make your stand...

Clap your hands and let's groove

In case of fear, in case of fire, in case of some

Kinda, earthquake, or forest fire

I got my man, I got my man, right in my sights -

He looks to the left, leans to the right

You know I want you to now

Stand up for love, every good man

Stand up for love, and every foolish man

And every rich man, and every proud man

Stand up for love, stand up for love

Everybody, come on and take my hand

I said everybody you know it's time to make your stand

Die for love, this is a cry for love

Let's fly for love, gotta die for love

Stand up for love, stand up for love
