Today was unexpected  
Nothing here is how I left it  
Each day that passes by just seems to feed the lie  
Closing in around me makes it so hard to see  
Now I'm standing on the ledge  
My foot creeps closer to the edge  
Freinds all know what to say  
To make me push them away  
What they can't know about me makes it so hard to see

I'm not holding my tongue for you anymore  
I will scream so loud til I drown you out  
Now you can't hold me down anymore  
I will scream so loud, I will scream so loud til I drown  
you out

So many days of silence  
Too many destructive ways to vent  
I hope they set something free  
Didn't know they were out to kill me  
Today I'll turn it all around  
Pick myself off the ground  
Sweat all the sickness out  
Force all the demons down  
Stand up and set it straight  
Get it right before it's too late  
For now I'm feelin fine  
Left all the pain behind  
It's time to live my life  
I finally got it right

I'm not holding my tongue for you anymore  
I will scream so loud til I drown you out  
Now you can't hold me down

I can still taste the words on my tongue sayin we're  
okay  
But when I raise my head up to see the darker side that  
isn't me  
So now I raise my hands up so tired of giving in  
Throw this all away and start again

I'm not holding my tongue for you anymore  
I will scream so loud til I drown you out  
Now you can't hold me down anymore.
