YOu never did care  
Never dared to say  
What I disliked about you  
What I hated about you so now  
I'm breaking all we had in two  
Time and time again  
I did what you said  
Should have left me for dead  
And I refuse to do it anymore  
There's nothing in this heart left for you

But I'm really feelin like the sunshine is shinin right  
down on my face  
And I'm runnin with the best of them  
Oh of the change  
Whoo I'm lovin but I'm feelin like shit  
And I'd never leave you for that  
Never leave you dyin alone  
Even now with my hatred for you  
And everything that you put us through  
I would never leave you all alone

How could you leave me lyin like that  
When I'm fallin away  
You leave me lyin when you know that these are my  
dyin days

Oh - everything we laughed about  
Don't think about none of that  
It's just the past  
I'll forget something we let pass by  
So much to do here but none of it's for you  
Sometimes I look on the inside and I swallow my pride  
Could things have been easier somehow  
Doesn't really matter now  
There's nothin in this heart left for you  
Whoo I'm lovin but I'm feelin like shit  
And I'd never leave you for that  
Never leave you dyin alone

Even now with my hatred for you

And everything that you put us through  
Still I'd never leave you all alone

Oh I'm falling away  
These are my dyin days  
All I needed to say -  
I have all but fallen away
