You're red)
You're so resistant
You're so intense
(You're red)
I'm slowly lifted
You're painted red

I'm down in
I'm down in
I'm down inside
I'm down in
I'm down in
I'm down inside
I'll come in
I'll come in
I'll come inside
Swallow my kiss
when I save you

You're red
I'm inside your innocence
I'm inside your innocence
I'm inside your innocence
I'm inside you

You're so resistant
You're so intense
I'm slowly lifted
You're painted red

I'm down in
I'm down in
I'm down inside
I'm down in
I'm down in
I'm down inside
I'll come in
I'll come in
I'll come inside
Swallow my kiss
when I save you

You're red
I'm inside your innocence
I'm inside your innocence
I'm inside your innocence
I'm inside your innocence (You're red)
I'm inside your innocence (You're red)
I'm inside your innocence (You're red)
I'm inside your innocence (You're red)
You're painted red now

I'll be inside (X 12)

You're red
I'm inside your innocence
I'm inside your innocence
I'm inside your innocence
I'm inside your innocence (You're red)
I'm inside your innocence (You're red)
I'm inside your innocence (You're red)
I'm inside your innocence (You're red)
You're painted red now
