Someday I'll talk about  
One day I'll mention it to you  
Someday I'll be over this and strong like you  
I am never changing I can feel this way for days and  
days  
Look you straight in the face and fake my smile

Take this hurt away and bring back yesterday  
I could say sorry in a thousand ways  
You won't let this be without cutting me  
Can't put this bottle down as I watch this day fade into  
night

My blessings-My faults  
I've learned all the lessons that cannot be taught  
Any abuses that I've brought  
No more excuses-I want a new start

With all our lies there's no wondering why things aren't  
working anymore  
But now I'm feeling fine flying higher-got the chance to  
start again-Oh

My blessings-My faults  
I've learned all the lessons that cannot be taught  
Any abuses that I've brought  
No more excuses-I want a new start

Someday I'll talk about it  
One day I'll mention it to you  
Someday I've be over this and move on like you  
Move on like you

I'm ready to go-I'm ready to leave  
Why don't you answer the radio  
I'm ready to go-Just watch me leave  
It's so hard to see when I'm on my way down

So hard to see when I'm on my way  
Down
