What's the use
In sitting lonely and drinking
I got something
To relieve you of thinking
Come here I'll make you happy
Come on you gotta help me
Come on over baby
Let's make it happen

Wanna feel real good
Wanna real good feelin
Just come on dance with me
Till the morning light
Wanna feel real good
We're gonna keep this feeling
Till the morning light
Wanna feel real good
Wanna real good feelin
Just come on dance with me
Till the morning light
Wanna feel real good
We're gonna keep this feeling
Till the morning light

What's the use
In sitting lonely and drinking
Boy you gotta stop this
Staring and blinking
You deserve a vacation
You need some liberation
Come on over
Show me your dedication
What's the use
In sitting lonely and crying
Who's to say
That there ain't no point in trying
I'm your best celebration
Carnival of sensation
Come on over
I'm your best medication

Wanna feel real good
Wanna real good feelin
Just come on dance with me
Till the morning light
Wanna feel real good
We're gonna keep this feeling
Till the morning light
Wanna feel real good
Wanna real good feelin
Just come on dance with me
Till the morning light
Wanna feel real good
We're gonna keep this feeling
Till the morning light
