No time even for your goodbyes  
The summer has gone for good  
I'm left here with all my dreams  
That will never come true  
I'm still looking for the good times  
But ever if not with you  
I know that I'll keep on looking  
Until I do

Like my time is flying  
Time is flying  
With the rain of autumn  
I'll be crying  
While the leaves are falling  
Time to let it go  
There

Where I'm gonna find my love  
Looking at the stars  
In the skies above  
Flying in the sunshine  
Just like a lonely dove  
Thinking where I'm  
Gonna find my love

Where I'm gonna find my love  
Looking at the stars  
In the skies above  
Flying in the sunshine  
Just like a lonely dove  
Thinking where I'm  
Gonna find my love

No time even for your goodbyes  
The summer has gone with you  
Don't know where I'm gonna be  
Or what I'm gonna do  
I know I will find my good times  
I'm not gonna lose my mind  
I know that I'll keep on searching  
Until I find

Like my time is flying  
Time is flying  
With the rain of autumn  
I'll be crying  
While the leaves are falling  
Time to let it go  
There

Where I'm gonna find my love  
Looking at the stars  
In the skies above  
Flying in the sunshine  
Just like a lonely dove  
Thinking where I'm  
Gonna find my love
