I think I believe  
That you're the raddest girl I've ever seen  
You're so sweet  
Do you really wanna do this tonight?  
Do you really wanna do this tonight?  
If you wanna get into this tonight, we can get into this

Try and listen please  
I'll look into your eyes until you see  
You love me  
Do you really wanna do this tonight?  
Do you really wanna do this tonight?  
If you wanna get into this tonight, we can get into this

Thought we were done with all the madness  
Thought we were done with all the sadness  
Thought we had finally found a way to stay alive  
Thought we were done with all the sorrow  
Things will be better off tomorrow  
We're just waiting for our moment to arrive

I adore the nights  
I lie awake and read and watch you sleep  
It's so nice  
Do you really wanna do this tonight?  
Do you really wanna do this tonight?  
If you wanna get into this tonight, we can get into this

Thought we were done with all the madness  
Thought we were done with all the sadness  
Thought we had finally found a way to stay alive  
Thought we were done with all the sorrow  
Things will be better off tomorrow  
We're just waiting for our moment to arrive

Do you really wanna do this?  
Do you really wanna do this tonight?  
We can get into this, yeah  
We can get into this, yeah  
We can get into this  
Done with all the madness  
Thought we were done with all the sadness

Thought we had finally found a way to stay alive  
Thought we were done with all the sorrow  
Things will be better off tomorrow  
We're just waiting for our moment to arrive  
We're just waiting for our moment to arrive
